To: Lisa Keefe, IMCA-CAT Director
From: Bruce Glagola, APS User Safety Officer, User ESH Support Group (Chair APS SPRC)
Subject: IMCA-CAT Beamline Safety Plan

The APS Safety Plan Review Committee has reviewed the modified Environment, Safety and Health Plan dated May 12, 2005 submitted by the IMCA-CAT in response to APS questions and finds the plan has answered all points of concern and is acceptable to the APS as written for the current scope of work.

Could you please send me a signed hard copy of the final version of the safety plan?

Thank you.
